

Requiment Free Trial and Cancellation

Free Trial

After signing up for a Requiment subscription and inputting your payment details, a free 30-day trial of the product begins. The subscription management is handled by Stripe. Stripe will send an email 7 days before the free trial ends, with a link to manage and cancel your subscription if you should wish to do so.

Cancelling

You must be an Admin user to be able to manage and cancel your Requiment subscription. Note: the initial user on a new account will automatically be set as an Admin.

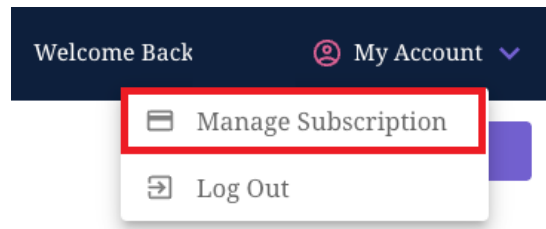

You may cancel at any time, but you must do this before the subscription renews at the end of the free trial in order not to be charged. If you need to contact us, you can email us at support@fieldimp.com.
